Information in support of a Statutory Consultation regarding a Major Change Proposal in accordance with Clause 6-18, Paragraph 2, of the Ticketing and Settlement Agreement (TSA)

This document contains data and other information for Statutory Consultees in relation to a proposal by Trenitalia c2c Limited to amend the ticket office opening times at the following stations:

- Basildon
- Benfleet
- Chalkwell
- East Tilbury
- Laindon
- Leigh on Sea
- Pitsea
- Shoeburyness
- Southend Central
- Southend East
- Stanford le hope
- Thorpe Bay
- Tilbury Town
- West Horndon
- Westcliff

Introduction

From time to time it is important to check that the way customers are served matches demand and provides sustainable value for money. For example, shops make changes to opening hours and the number of check outs open, based around busyness and trends such as increased online shopping.

The opening hours for c2c's ticket offices have not been amended since the mid-1990s. This means they were set in an era before the invention of the smartcard, smartphones and internet sales payment.

c2c is an entirely commercial business that doesn't receive any financial support from government. In the current tough economic environment, c2c finds itself in an unsustainable financial situation and must review inefficient costs. As c2c provides an important public service, there is a duty to consult on proposed changes to ticket office opening hours, in line with the Ticket and Settlement Agreement (TSA).

Ensuring opening hours match demand

c2c are proposing changes to ticket office opening hours to match staffing with demand. Importantly c2c remain committed to keeping ticket offices open. These changes are designed to ensure that the number of ticket windows open matches demand from customers.

c2c has robust data from industry systems which demonstrates the level of sales. This proposal only seeks to reduce ticket office hours where demand is below government guidance levels.

LENNON, the railway industry ticket sales database shows sales by station in 15-minute blocks, including any Oyster sales. c2c has used 13 weeks' worth of data from September to the beginning of December 2018 for three reasons.

1. It was a typical period without bank holidays or unusual engineering blockades.
2. This period was also particularly busy, as subsequent 13 week periods have been quieter. That means this proposal would provide adequate resource for customers even in busy times.
3. During this period c2c ticket offices were open for more than 90% of their advertised hours:

94.74% - September 2018
95.73% - October 2018
96.20% - November 2018

c2c's proposed changes - ticket office opening hours

	Monday to Friday			Saturday			Sunday

Improving cost effectiveness

The TSA requires that proposed changes provide improved cost effectiveness. Incurring cost to open ticket office windows with sales below the Secretary of State's definition of "busy" (i.e. about twelve tickets per hour) is not cost effective. c2c's proposal addresses this cost inefficiency, contributing to the financial sustainability of the railway.

Ensuring continued, easy and widespread access to rail products

The TSA requires that c2c's proposal maintains widespread and easy access to rail tickets. This proposal ensures continued, easy and widespread access to rail products.

c2c are not proposing to close any ticket offices. However, it is being proposed that c2c will change the opening hours of these ticket offices to match customer demand.

c2chas invested over £10m in new ticket-selling technology, which is being progressively introduced during 2019.

More c2c customers than ever before are choosing to buy their ticket using self service machines, in line with broader retail trends. Replacement upgraded self service machines are being built and rolled out across the entire c2c network.

Every c2c station will have a self-service ticket machine that accepts both cash and card. Attention has been paid to important details, for instance cash will be recycled, ensuring there is always change available.

c2c's new ticket machines are remotely monitored. Any problems will be automatically flagged and as all systems within the machines are web based, they can be reset remotely. If necessary, an engineer will be sent. This means our machines will work more fully and reliably than ticket machines in the past.

c2c have developed a user-friendly self-service interface in partnership with Voodoo Park, a leading digital design agency. This means customers can search for their journey by time, making sure they always get the best value ticket.

Among other things, customers will be able to:

- Buy tickets for immediate travel
- Buy tickets for the future
- Buy advance purchase tickets
- Buy season tickets
- Buy tickets to/from any station
- Make seat reservations
- Pay for car parking
- Plan a journey with live journey
- Update customer account information

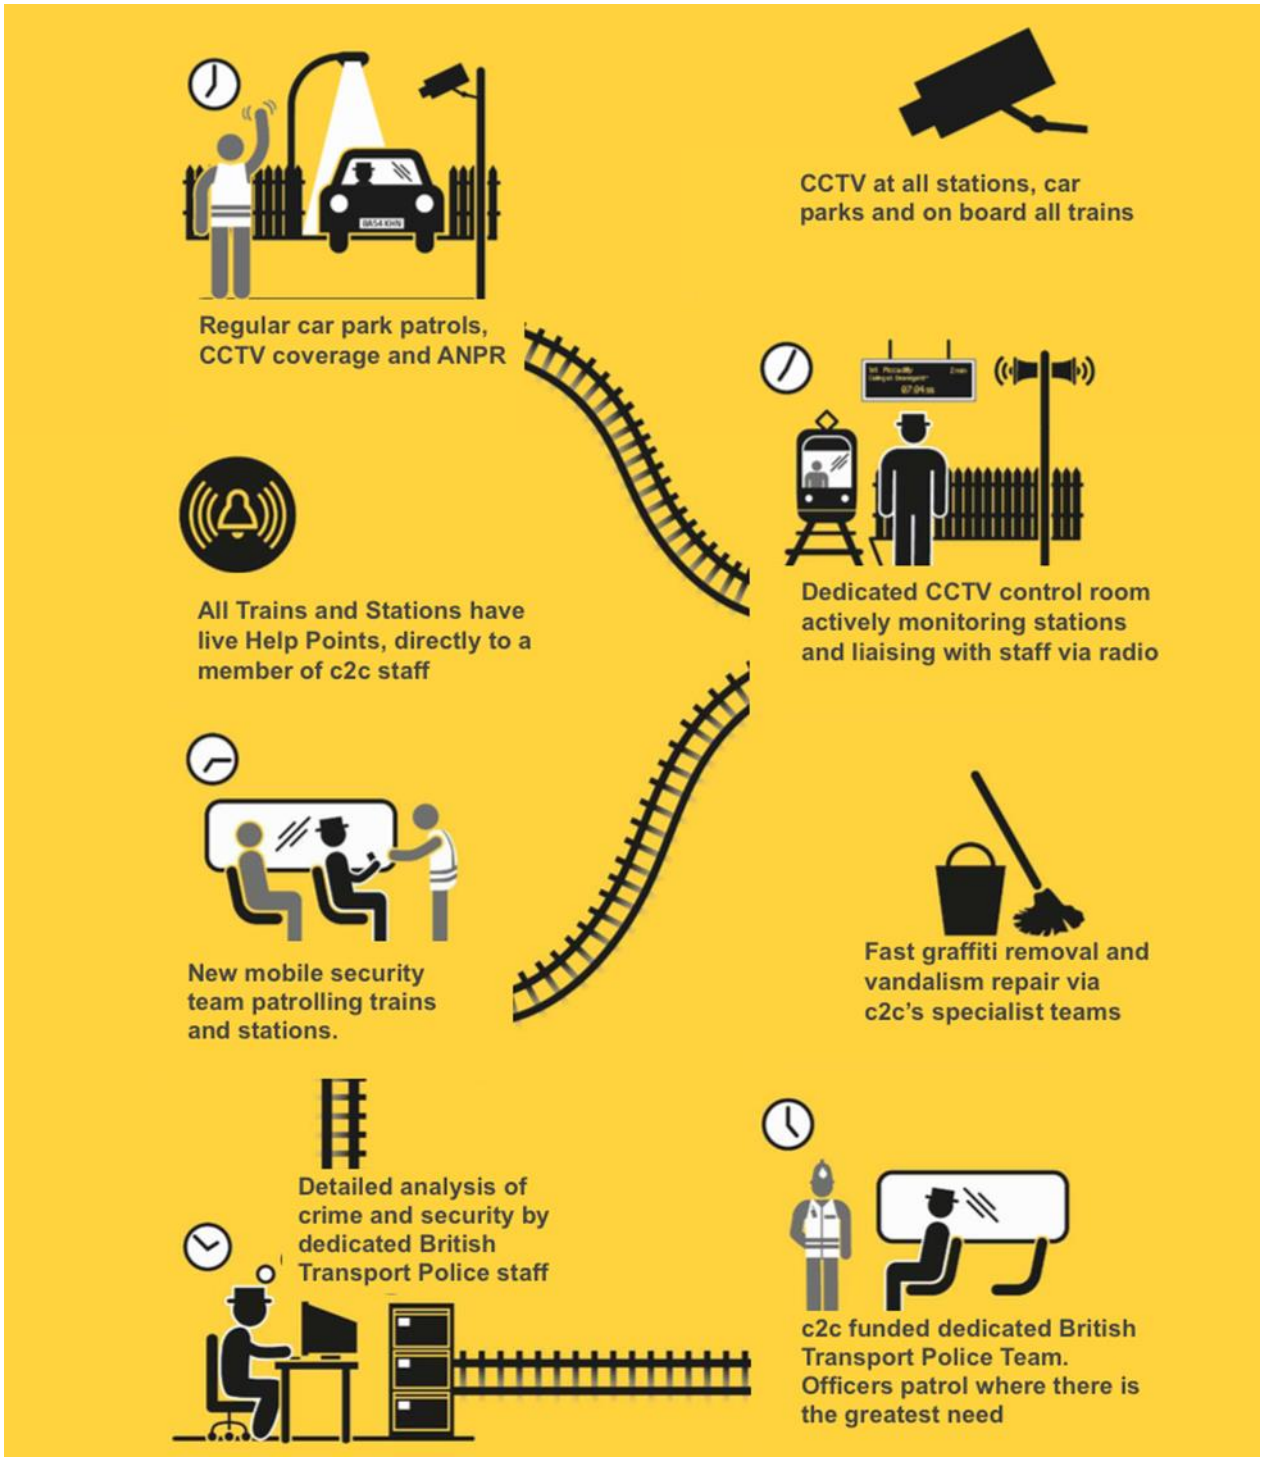
The machines will issue tickets to paper or c2c smartcards. Within the Travelcard Zone they will also sell Oyster Top Up and Travelcards (including seasons) to Oyster. c2c staff, including those on gatelines, will receive training and briefings about the new machines and their enhanced functionality.

Not all tickets can be purchased from self-service machines (e.g. rail staff privilege rate discounted fares). On occasion self-service machines may not work, in the same way ticket office windows sometimes aren't open due to resource issues. In these cases, existing customer arrangements would continue to apply, as c2c is not proposing any changes.

Please note c2c will introduce the ticketing systems described, as it is required to under their Franchise Agreement. Therefore c2c is not consulting on their introduction. This background information is being provided to assist you assess the impact of this consultation's proposals.

Ensuring a safe and secure journey

c2c will continue to offer comprehensive security arrangements.



c2c would continue to have:

- Secure Stations Accreditation (SSA) for all 25 of c2c's managed stations
- A team of dedicated British Transport Police (BTP) officers funded by c2c
- Weekly tasking meetings with the dedicated BTP team to tackle issues and deploy resources more effectively
- Park Mark security accreditation at all of c2c's car parks
- Upgraded lighting and surveillance at stations to create a safer environment
- Easy-to-use help points on platforms and on trains where customers can get up-to-date information
- A dedicated CCTV suite which monitors our stations 24/7
- A route wide 'long line' radio connecting the control centre with station staff

c2c has recently introduced:

- More HALO security staff accredited by the British Transport Police under the Railway Safety Accreditation Scheme (RSAS). They now patrol 7 days week, up from our previous approach of operating 4 days per week.
- New mobile security teams 7 days a week, dedicated to patrolling stations and trains within dedicated groups of stations. These staff are Security Industry Authority (SIA) accredited.

First to last staffing will be continued at the following stations:

- Barking
- Basildon
- Benfleet
- Chafford Hundred
- Fenchurch Street
- Grays
- Laindon
- Southend Central
- Upminster

At other stations the newly introduced mobile security teams make regular patrols, to supplement police patrols and live CCTV monitoring. The mobile security teams are:
Team 1: Leigh-on-Sea - Chalkwell - Westcliff
Team 2: Southend East - Thorpe Bay - Shoeburyness
Team 3: Dagenham Dock - Rainham - Purfleet
Team 4: Tilbury Town - East Tilbury - Stanford-le-hope

There are references above to:

- HALO
- Mobile Security Teams
- First to Last

These three subjects are not part of this consultation, which is about changes to Ticket Office Opening Hours. This background information is being provided to assist you assess how this consultation's proposals would impact on your journey.

Disabled Persons Protection Policy (DPPP)

c2c has held discussions with the Office of Rail and Road (ORR) about these proposals. The ORR consider that no change is required to c2c's DPPP under these proposals. None of c2c's DPPP commitments would change as a result of this proposal. c2c will fulfil their commitments using station staff; mobile security teams and if necessary staff from neighbouring stations.

Advice for turn up and go customers regarding their point of contact upon would be unchanged. Station staff, mobile teams or neighbouring station staff would be deployed to assist. The ORR is currently making changes to the way in which assistance is provided by train companies. You can learn more here:
https://orr.gov.uk/rail/consumers/consumer-consultations/improving-assisted-travel-consultation-2018

Ensuring access to station facilities is maintained

c2c is not proposing to change access to waiting rooms or customer toilets as a result of this consultation. Access to these facilities would be ensured by a combination of Station Staff; First to Last staff where provided; Mobile Security Teams and CCTV coverage. c2c monitors access to these facilities in light of vandalism and anti-social behaviour data. This practice would continue.

Promoting the consultation to customers

This consultation is governed by the rules set out in the "Ticketing and Settlement Agreement", which requires us to display a poster at all stations impacted by the proposal. Appendix C shows a copy of the posters being used.

What is subject to consultation

This consultation is governed by the rules set out in the "Ticketing and Settlement Agreement". Therefore only changes to ticket office opening hours are subject to consultation.

c2c has provided background information about a wider range of topics. These include references to:

- HALO
- Mobile Security Teams
- First to Last
- New self service ticket machines

c2c has provided this information to help you evaluate how the proposed ticket office opening hours changes might impact on your journey. c2c plans to, or already has, introduced that list of changes, some of which it is obliged to do so under their Franchise Agreement, irrespective of any changes to Schedule 17 Ticket Office Opening Hours.

However, c2c will only introduce the proposed changes to Ticket Office Opening Hours, subject to the outcome of this consultation.

Appendix B Example Station Posters

Consultation

Ticket office opening hours

Under our proposals

- The ticket office hours will change to:

	Monday to Friday			Saturday			Sunday		
Station	**TODAY**	***PROP.***	**DIFF.**	**TODAY**	**PROP.**	**DIFF.**	**TODAY**	**PROP.**	**DIFF.**
Purfleet	06:15-13:40	*06:15-09:45*	(3:55)	06:15-13:40	*CLOSED*	(7:25)	CLOSED	*CLOSED*	N/A

- We will introduce new ticket vending machines
- We will <u>not</u> reduce morning peak hour ticket office staffing
- We will continue to provide mobile security team patrols
- We will continue to provide booked and un-booked passenger assistance throughout all train service hours

Why are we proposing these changes?

- Few people buy tickets later in the day

Have your say

- London Travelwatch is the statutory watchdog for this station.
- They are independently collating public and customer responses.
- You can contact them via:
  - Post: London Travelwatch, 11 Lavington St, London, SE1 0NZ
  - Email: consultations@londontravelwatch.org.uk
- Responses must be received by 21ST October 2019
