

# Overview

We're delighted you've chosen to film with c2c. Our stations and rail infrastructure offer distinctive environments, and we're committed to making your filming experience as efficient and straightforward as possible.

## Our Commitment

At c2c, we operate, maintain, and develop rail services for passengers and freight across the region. We appreciate the growing interest from the film and television industry in our locations, and we continue to broaden access to an array of unique settings.

## Simplified Location Agreement

To make things easier for production teams, c2c has introduced a new, standardised location agreement. This replaces previous contracts and eliminates lengthy negotiations, allowing you to focus on your project. All productions must use this agreement from now on.

## What's Included?

- All essential legal clauses and protections for your production
- Independent verification by a leading media law firm
- Clear, concise terms to support your filming needs

## Continuous Improvement

We value your input and are committed to ongoing review of our processes. Please share any feedback, your experiences help us refine our offering.
